

PRESS RELEASE

10-22-25

The La Salle County Clerk's office has been in the process of switching to a new Voter Registration System. The next phase of the process will cause a period of about three weeks that the Clerk's office will not be able to update information within the current voter registration system. We will be able to access the data, just not make changes. Once we are able to access the data again, it will take a little time to get everything updated. We ask for your patience during this time period.

If you are a candidate, with a party, or otherwise entitled to a voter list, we will be able to give you the last available information that we can access at that time.

Please reach out to the La Salle County Clerk's office if you have any questions, 815-434-8202
