<p>-The owner agrees that construction will be accomplished in strict compliance with this application and regulations contained in the LaSalle County Zoning Ordinance and LaSalle County Building Permit Ordinance. The owner certifies that no use will be operated on the land or in the structure's identified on this application except for the use (s) set forth in the application, unless zoning relief is granted for change of use. The owner understands that if the building permit requires inspections, any use of the building prior to occupancy is strictly prohibited and is a punishable violation under the LaSalle County Building Permit Ordinance. Furthermore, the owner understands that the construction and use of the structure will be operated in compliance with LaSalle County ordinances and any other applicable local, state, or federal law.</p> <p>-No error or omission in either the plans or application, whether said plans or application has been approved by the building inspector or not, shall permit or relieve the applicant from constructing the work in any other manner than that provided for in the ordinances of LaSalle County. The undersigned certifies the statements contained and provided in this application are true and correct. By signing this document, the undersigned agrees to indemnify and keep harmless the said County of LaSalle from any and all suits at law or in equity, damages, expenses and attorney's fees, that may be sustained by the said County on account of injuries or damages sustained by any person to his person or property, occasioned in any manner by the granting of the permit requested, or by the construction, installation, or maintenance of said structure.</p>

Inspector Review Verification: \_\_\_\_\_

## REQUIRED ATTACHMENTS FOR ISSUANCE OF BUILDING PERMIT

*The Following Attachments are required for review and approval of Application*

### • SITE DIAGRAM

Demonstrate lot dimensions, location of proposed structure(s), location of existing structure(s), and setbacks for proposed structure from public road way. Accurate hand drawn site plans are acceptable or a plat of survey.

**Two (2) sets of plans that clearly show the provisions of the applicable codes will at minimum include:**

#### • Plan View Outline of proposed structure, with dimensions noted

1. Type of construction, i.e., platform framed, post framed, etc.
2. Interior walls/partitions if any
3. Electrical installation
4. HVAC installation
5. Indicate if interior to be insulated and/or finished
6. Any plumbing installation, including any drain lines
7. Foundation Detail (Dimensions, Type, Depth, Width) \*\*\*

#### • Elevation View

1. Window/door locations
2. Roof type
3. Foundation Detail (Dimensions, Type, Depth, Width) \*\*\*

#### • Roof View

1. Indicate framing plan, and material
2. Trussed roofs require a manufacturer's truss certificate, showing a minimum 107 MPH wind load, and 25lb ground snow load

\*\*\* Note: Detached structures 600 square feet or less are allowed a minimum 12" x 12" thickened edge, with two #4 rebar, with a 4" slab on top. All others require a frost-free foundation, minimum 42" below grade.

- *Commercial plans shall be stamped by an Illinois licensed architect or engineer*
- *(1 set will be returned) (11x17 max preferred) (Plan review can be expedited with additional submittal of PDF plans).*

### • BUILDING PERMIT APPLICATION (attached)

### • Copy of Approved WELL PERMIT

This is not required if an existing system is available and it functions properly

### • Copy of Approved SEPTIC PERMIT

This is not required if an existing system is available and it functions properly
